2.00.00 GENERALLY

2.00.01 Purpose and Intent

- A. It is the purpose of this chapter to establish and adopt zoning districts to govern the use of land, water, and structures in the City.
- B. It is the intent of the City Commission that the regulations set forth in this chapter governing the use of land, water, and buildings apply to all land, water, and buildings included within the boundaries of each district shown on the Zoning Map.

2.00.02 Official Zoning Map

- A. Zoning districts are hereby established for all land and water areas included within the boundaries of each district as shown on the “Zoning Map, Fernandina Beach, Florida.”
- B. The Zoning Map and all notations, references, and other information shown on the Zoning Map are as much a part of this LDC as if the information set forth thereon were fully described and set out in this LDC.
- C. Table 2.00.02(C) shows the relationship between zoning districts and the land use categories on the Future Land Use Map (FLUM). An “X” indicates that the zoning district is permissible within the indicated category on the FLUM.

2.00.03 Establishment of District Boundary

Where a district boundary divides the area of a lot unequally, the district classification and regulations of the larger portion shall apply to the remaining smaller portion of the lot.

2.01.00 ESTABLISHMENT AND PURPOSE OF ZONING DISTRICTS

This section describes the purpose of each zoning district. Specific uses permissible within each zoning district are identified in Tables 2.03.02 and 2.03.03. Uses are permissible subject to compliance with standards for the zoning district, applicable overlay districts, and specific uses. Standards are set forth in Chapters 4, 5, 6, and 8.

2.01.01 Residential Estate (R-E)

The R-E District is intended for the development of very low density, single-family residential uses where the keeping of certain livestock is permissible.

2.01.02 Residential Golf (R1-G)

The R-1G district is intended for development of low density single-family residential units surrounding the municipal golf course. The Residential Golf designation is established to protect the quality and character of existing low-density single-family neighborhoods.

2.01.03 Low Density Residential (R-1)

The R-1 District is intended for the development of low-density single-family detached homes on individual lots. Single-family attached homes may be allowed through the PUD process. The low-density residential designation is established to protect the quality and character of existing low-density single-family neighborhoods.

2.01.04 Low-medium Density Residential (RLM)

The RLM District is intended for the development of low- to medium-density single-family homes on individual lots. This designation is intended to provide for a more urban neighborhood with a higher density than the R-1 District and a lower density than the R-2 District.

2.01.05 Medium Density Residential (R-2)

The R-2 District is intended for the development, redevelopment, or maintenance of stable medium-density residential neighborhoods. The medium-density residential designation includes a mixture of single- and multi-family structure types.

2.01.06 High Density Residential (R-3)

The R-3 District is intended for the development of high-density residential uses allowing both single- and multi-family dwellings. Bed and breakfast inns and resort rental dwellings may be allowed, subject to additional design standards. Limited neighborhood commercial uses may be allowed through the PUD process.

2.01.07 Old Town Historic District One (OT-1)

The OT-1 District is intended to protect the unique historic features and uses in the single-family residential area of the Old Town Historic District. The OT-1 District is intended for the development and maintenance of single-family residential dwellings, along with their customary accessory uses on the same lot.

2.01.08 Old Town Historic District Two (OT-2)

The OT-2 District is intended to protect the unique historic features and uses in the mixed-use area of the Old Town Historic District. The OT-2 District is intended for the development and maintenance of single-family residential dwellings, along with their customary accessory uses on the same lot. Limited neighborhood commercial may be permissible.

2.01.09 Mixed Use (MU-1)

The MU-1 District is intended for the development of a combination of residential, office, and limited neighborhood commercial uses. The Mixed Use District encourages well-planned development and redevelopment of areas that feature compatible, interrelated uses including single-family and multi-family residential units; medical, business, and professional offices; personal service establishments with limited inventory of goods; and limited neighborhood commercial uses.

2.01.10 8th Street Small Area Mixed Use (MU-8)

The MU-8 district is intended for redevelopment of the City's 8th Street commercial corridor to allow for a combination of residential, office, housing, and general commercial activities in a vibrant urban setting. The MU-8 district is intended to promote the 8th Street corridor as a thriving gateway to the historic downtown of Fernandina Beach through economical and efficient land use, an improved level of amenities, residential density through a variety of housing types, and a better compact, urban environment. Properties within the MU-8 district shall provide for a unified pedestrian and landscape area along the 8th Street frontage to serve as an extension of the downtown Fernandina Beach character and design. The allowable density in the MU-8 zoning district is a maximum of 18.0 dwelling units per acre.

2.01.11 Community Commercial (C-1)

The C-1 District is intended for the development of land uses to accommodate commercial businesses and offices providing goods and services to more than a few neighborhoods, and land uses that are complimentary to low- and medium-density residential areas. The Community Commercial District recognizes the desire for convenience goods and services in close proximity to residential neighborhoods, provided that such uses are limited in intensity as set forth in the design standards in this LDC.

2.01.12 General Commercial (C-2)

The C-2 District is intended for the development of land uses to accommodate offices; commercial retail; personal services establishments; restaurants; transient accommodations; uses that provide sales and services for several neighborhoods; repair shops; retail sales and services; and other similar commercial uses. The General Commercial District recognizes existing development with locations that have access to arterial roads.

2.01.13 Central Business District (C-3)

The C-3 District is intended for the development of land uses within the central business district as the City's center for residential, financial, commercial, governmental, professional, and cultural activities. The Central Business District category is designed to accommodate single-family or duplex residential uses, either freestanding or in mixed residential and business use structures; offices; commercial retail; personal services establishments; restaurants; transient accommodations; commercial parking facilities; civic uses; and cultural uses.

2.01.14 Light Industrial (I-1)

The I-1 District is intended for the development of light industrial manufacturing, fabrication, processing, or warehousing, storage, research facilities, commercial activities and services, including lodging accommodations, and community facilities or government buildings, such as, animal services, emergency services or administrative offices, recreational facilities, such as golf courses, or other activities compatible with light industrial operations which are in close proximity to transportation facilities. The district is not intended to accommodate heavy industrial operations or to accommodate commercial that would restrict the principal light industrial operations. Residential development, with exception of a caretakers unit, is not permissible within the zoning district. The designation of land for the I-1 District shall be based on compatibility with surrounding land uses, considering environmental sensitivity, intensity of use, hours of operation, heat, glare, fumes, noise, and visual impacts.

2.01.15 Industrial Airport (I-A)

The Industrial Airport District is intended for the development of airport regulated property. The Industrial Airport District recognizes the need for consistency with permissible uses on airport property as regulated by the Federal Aviation Administration (FAA) and for consistency with height limitations to prevent interference with the safe and efficient operations of the airport. The district disallows use which would impact aircraft operational capabilities, electronic or procedural requirements and/or create an airport hazard as determined by the FAA. Uses within the district are subject to height limitations as imposed by the FAA.

2.01.16 Waterfront Industrial (I-W)

The I-W District is intended for the development of water dependent and water-related manufacturing, assembling, storage, distribution, sales, and port operations that are generally high intensity. The Waterfront Industrial District recognizes existing industrial development with locations that have access to transportation facilities by air, rail, ship, or highway. The designation of land for the I-W District shall be based on compatibility with surrounding land uses, considering environmental sensitivity, intensity of use, hours of operation, heat, glare, fumes, noise, and visual impacts.

2.01.17 Heavy Industrial (I-2)

The I-2 District is intended for the development of warehousing, fabrication, storage, and commercial services which are likely to produce adverse physical and environmental impacts such as noise, land, air, and water pollution and transportation conflicts. The Heavy industrial District recognizes existing heavy manufacturing development with locations that have access to major highways. Residential development, with exception of a caretakers unit, is not permissible within the zoning district. The designation of land for the I-2 District shall be based on compatibility with surrounding land uses, considering environmental sensitivity, intensity of use, hours of operation, heat, glare, fumes, noise, and visual impacts.

2.01.18 Waterfront Mixed Use (W-1)

The W-1 District is intended for the development and/or re-development of waterfront land fronting the Amelia River within the CRA only. The Waterfront Mixed Use District recognizes the desire to maintain existing water related uses while providing a wider range of uses to encourage developments which enhance the public's use of and access to the waterfront.

2.01.19 Public and Institutional (PI-1)

The PI-1 District is intended for the development and maintenance of publicly owned lands and structures, parks and recreation areas, public schools, and buildings used principally for government functions. Federal, State, regional, and local government land uses are permissible.

2.01.20 Conservation (CON)

The CON District is intended to provide for the long-term protection and preservation of environmentally sensitive natural resource systems. Development within the Conservation District is limited to buildings that are supportive of and accessory to the conservation land uses, such as interpretative centers, rest rooms, or covered picnic pavilions. Other uses may include docks, boardwalks, hiking trails, and picnic areas. These uses shall be limited in location and extent, and shall avoid adverse impacts on the hydrologic functions of wetlands, natural systems, habitats, water quality, shorelines, marine life, and coastal resources.

2.01.21 Recreation (REC)

The REC District is intended to provide a location for land devoted to public or private parks and recreation facilities. The types of parks and facilities include passive parks and open spaces, activity-based parks and recreation areas, and publicly-owned recreation facilities.

2.02.00 ESTABLISHMENT AND PURPOSE OF OVERLAY DISTRICTS

2.02.01 Generally

The purpose of overlay districts is to provide a means of modifying the site design requirements that are otherwise applicable to the underlying zoning district(s). The site design standards and other development criteria applicable within an overlay district shall supersede the standards and criteria applicable within the underlying zoning district, but shall not supersede any applicable supplemental standards.

2.02.02 Planned Unit Development Overlay

The Planned Unit Development (PUD) Overlay is intended to provide for more than one (1) land use within a mixed use development; allow more than one (1) housing type within a residential PUD; allow innovative arrangement of streets, lots, uses, and buildings; and to improve the efficient use of infrastructure by the clustering of homes, businesses, and other uses in a coordinated, planned development.

2.02.03 Historic District Overlays

The Historic District Overlays are intended to preserve the form, function, image, residential balance, and ambiance of the historic Centre Street and surrounding area as the ceremonial, civic, and cultural center of the City. The Overlays also cover the Old Town Historic District as well as the Amelia Island Lighthouse, Oxley-Heard Funeral Home, and Peck Center. The Historic District Overlay Boundaries are incorporated by reference through City of Fernandina Beach Ordinance numbers 526, 749, 846, 1995-12, 1997-24, and 2010-24. Areas within the Historic District Overlays shall be planned and managed following the guidelines established for the construction and renovation of buildings and use of land within the Historic Districts. (See Chapter 8 regarding guidelines for development in Historic Districts.)

2.02.04 Community Redevelopment Area Overlay

The Community Redevelopment Area (CRA) Overlay is intended to provide for and identify priority areas for coordinated redevelopment and revitalization activities. The CRA Overlay encourages improvement of infrastructure and commercial development. The CRA Overlay Boundaries are incorporated by reference through City of Fernandina Beach Resolution 2006-28. (See Chapter 8 regarding guidelines for development in the CRA.)

2.02.05 Airport Area Overlay

The Airport Area Overlay is intended to provide for appropriate land use on and adjacent to the Fernandina Beach Municipal Airport lands through protection of the operational areas, reduction of noise impacts, and preservation of ecologically unique areas. The Airport Area Overlay encourages light, clean industry that is consistent with and supportive of airport operations.

2.02.06 Urban Core Overlay

(Reserved)

2.03.00 LAND USES PERMITTED IN EACH ZONING DISTRICT

2.03.01 How to Read the Table of Uses

- A. Table 2.03.02 sets for the permissible uses within zoning districts. The letter “P” indicates that the land use is permissible, subject to compliance with the standards of the zoning district. Additional standards for Commerce Parks, Large Scale Commercial Development, and Telecommunications Facilities are applicable and are located in Chapter 6.
- B. The letter “S” indicates that the land use is permissible, subject to compliance with the standards of the zoning district, and the supplemental standards specified for the use. Supplemental standards are contained in Section 6.02.00.
- C. An empty cell indicates the land use is prohibited.
- D. Any land use that is not identified in Table 2.03.02 is prohibited. A property owner may request an interpretation to determine if a use that is not identified is permissible, based on substantial similarity of the requested use to permissible uses within the zoning district in which the property is located. A requested use shall be considered substantially similar when the characteristics of the requested use are equivalent in type, intensity, degree, or impact when compared to a use named in Table 2.03.02. Such characteristics include, but are not limited to:
 - 1. Typical hours of operation;
 - 2. Use of outdoor storage;
 - 3. Trip generation rates;
 - 4. Generation of noise, light pollution, odor, smoke, electromagnetic interference, or vibration; and
 - 5. Customary functions of the use.

(Section 2.03.02 Table of Land Uses footnotes are contained on following page.)

SECTION 2.03.02 Table of Land Uses Footnotes

Notes:

1. Resort rentals in R-1 or R-2 zoning districts that existed prior to the effective date of Ordinance 2000-28 (October 3, 2000) may continue a legal non-conforming status as long as the resort rental permit has not expired for a period of greater than 180 days.
2. Properties that have obtained the WMU Future Land Use category are subject to the permitted uses in the W-1 column. Residential units are permitted above non-residential uses. Stand alone residential uses are prohibited.
3. Group Residential uses in existence prior to the adoption of Ordinance 2007-22 may continue a legal non-conforming status as long as a Group Residential Permit is applied for and maintained in accordance with the terms of the Ordinance. Existing uses shall not be subject to the Supplemental Standards in Section 6.02.24.
4. Seasonal Sales are subject to the provisions of LDC Section 5.02.02 and a temporary use permit is required according to the procedures set forth in Chapter 11.
5. Drive-thru entry and exit may not be located on 8th street.

2.03.03 Table of Accessory Uses

Table 2.03.03 lists permissible accessory uses in each zoning district. The letter "P" indicates that the identified use is permissible as an accessory use, but not as a principal use. Principal uses are identified in Table 2.03.02. See Section 5.01.00 for supplemental standards pertaining to accessory uses.
