CITY OF FERNANDINA BEACH, FLORIDA
ADDENDUM NO. 2
For RFP 21-11
RESTORATION OF EXISTING EXTERIOR BRICK FAÇADE
HISTORIC PECK CENTER

1. Provide a plan layout to confirm what is meant by the East, South and North/West side of the scope/pricing form? **(orientation photo attached)**
Phase 1 involves the rehabilitation of the original (est. 1927) brick façade on the East side of the building. Phase 2 will include the South side, and Phase 3 would include the West side and the Northside of the building.
2. Please identify specification, details and location of Shelf Angle/Lintel?
All window lintels will need to be replaced with new galvanized window lintels. Lintels will need to be anchored with stainless steel anchors.
3. What type/manufacturer of brick and mortar is preferred?
Brick & mortar need to match existing façade in style and color. All work must be done to Secretary of Interior standards for historic buildings

You are currently running an experimental version of Earth.
